NCC® 90 mm TPBN

90 mm LED Daytime-Running-Light, Position Light, Indicator and Fog Light

Four lighting functions in just one module.
A real innovation among the 90 mm LED multi-functional lights:
90 mm LED daytime-running-light, position light, indicator and fog light.

With pre-mounted stainless steel bracket and integrated height adjustment. The driver is integrated in the module. **Together with a NCC® 90 mm Bi-LED module**, not only **all legally required lighting functions** for the vehicle front can be realized, but a fog lamp is also available as an additional lighting function.

2D drawings, 3D CAD data and further information are available on request.

LED Indicator

LED Daytime-Running-Light

LED Position Light

LED Fog Light

Technical Data

- 12 V and 24 V
- ECE- Homologation
- EMC-Homologation
- SAE J2139
- Temperature: -40° - +80°C
- Connector: AMP SuperSeal 2P and AMP SuperSeal 5P
- RoHS & REACH compliance
- Suitable for: Automotive, Motor Home, Bus and Special Vehicles

Description	Article Number
90 mm LED Multifunctional Light, chrome, adjusting screw at bottom	90901L-TPBN-1-2-C
90 mm LED Multifunctional Light, black, adjusting screw at bottom	90901L-TPBN-1-2-S
90 mm LED Multifunctional Light, chrome, adjusting screw at top	90901L-TPBN-1-1-C
90 mm LED Multifunctional Light, black, adjusting screw at top	90901L-TPBN-1-1-S

Technical changes and errors excepted. As per 11-2020
