

## NCC® TL1

### LED Tail Light with dynamic indicator

**Let your creativity run free.** Open up new horizons for the design of the vehicle rear. What causes a sensation in limousines or sports cars, is now also finding its way into the market for motor homes, caravans, buses and special vehicles. The NCC® TL1 is an innovative full-LED solution that gives design the freedom it deserves. For strong appearances and fresh accents. And all this with the latest light guide technology and full reliability.

**Modernity without compromise, protected by a corresponding patent.**

#### Technical Data

- /// 12 and 24 V
- /// ECE-homologation
- /// EMC-homologation
- /// SAE J2139
- /// Temperature: -40°C - +80°C
- /// With AMP-connector
- /// RoHS & REACH compliant
- /// Usable for: automotive, motor home, bus, special vehicle

#### Product Video

#### Special Features

- /// 360°-rotation possible (in 90° steps)
- /// Tail light in light guide technology
- /// Stop light in light guide technology
- /// Horizontal and vertical installation possible
- /// Dynamic indicator (SIC-technology)

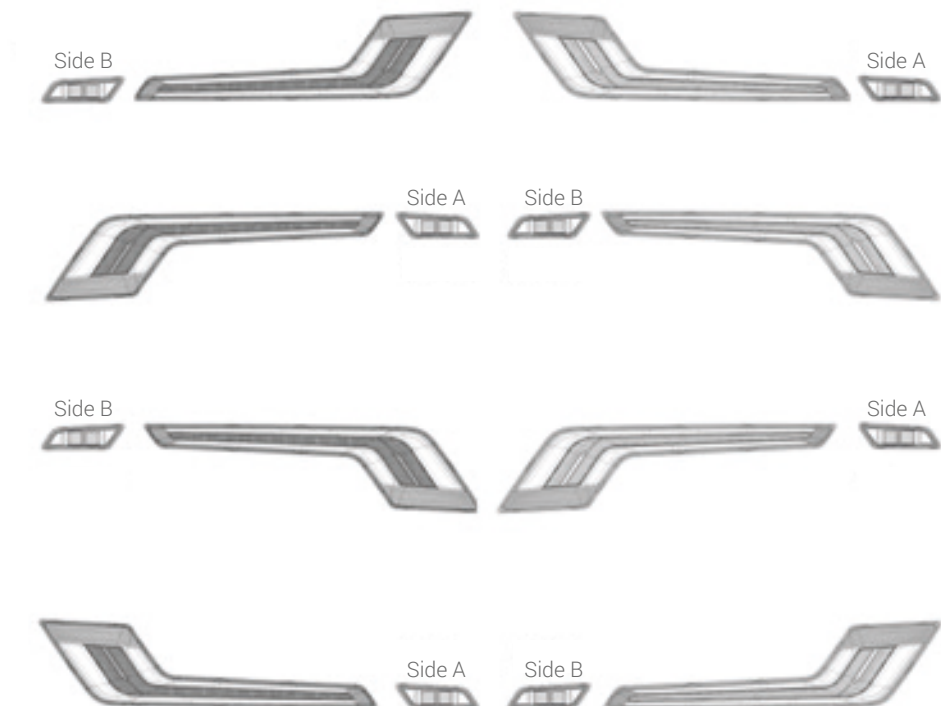

**Guideline:** mounting options / combination with additional modules

**Configuration:** horizontal

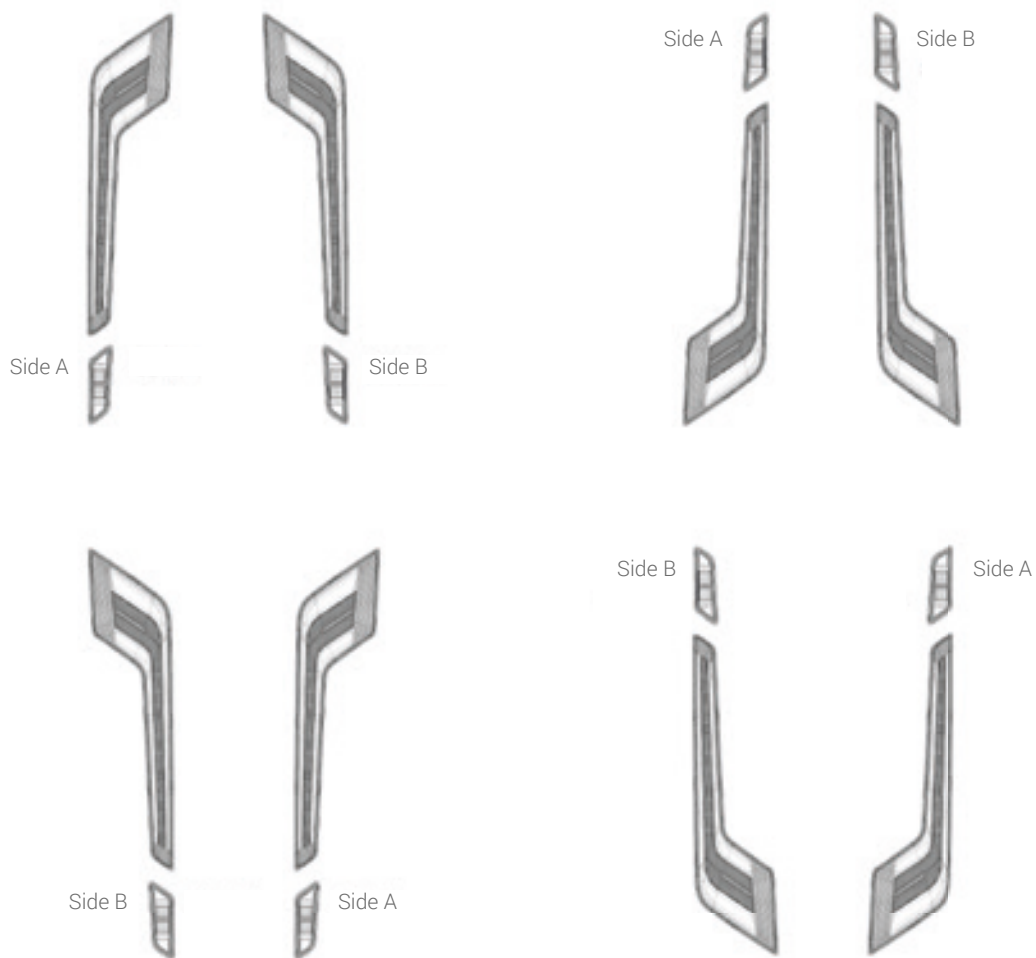

Dynamic indicator only possible in horizontal installation!

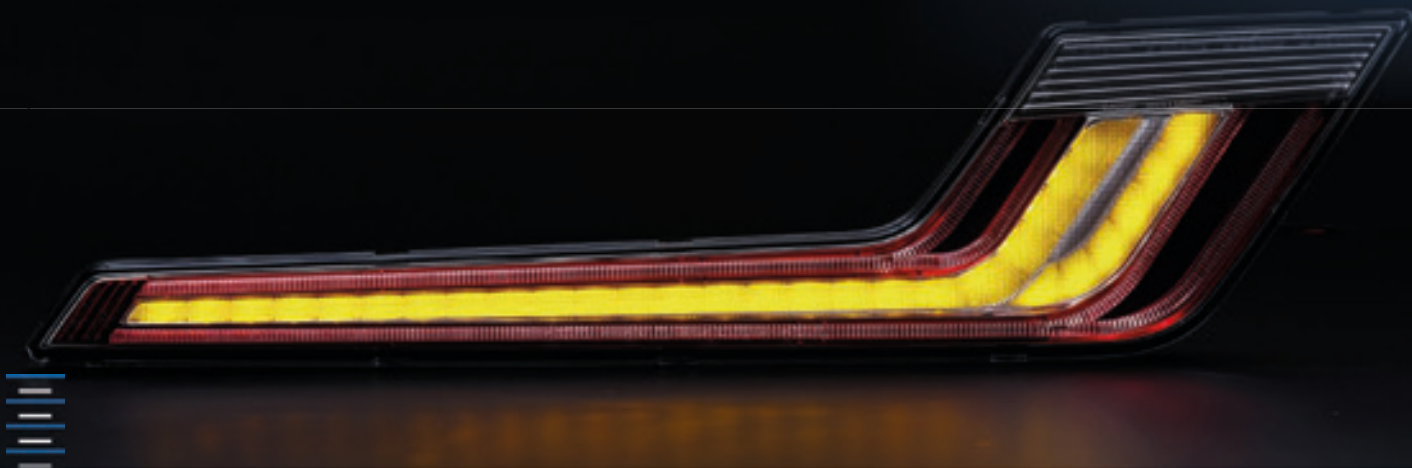

## Configuration: vertical

Dynamic indicator is not possible in vertical installation! Here, only all LEDs for the indicator can be switched on and off simultaneously

## Article numbers: NCC® TL1 and additional modules

Tail Light	Article Number	Description
	570150L-RSB-CA	Tail light / Stop Light / Indicator (clear outer lens, side A, non-dynamic)
	570150L-RSB-CA-10	Tail Light / Stop Light / Indicator (clear outer lens, side A, dynamic from A to B)
	570150L-RSB-CB	Tail Light / Stop Light / Indicator (clear outer lens, side B, non-dynamic)
	570150L-RSB-CB-10	Tail Light / Stop Light / Indicator (clear outer lens, side B, dynamic from A to B)
	570150L-RSB-RA	Tail light / Stop Light / Indicator (red outer lens, side A, non-dynamic)
	570150L-RSB-RA-10	Tail Light / Stop Light / Indicator (red outer lens, side A, dynamic from A to B)
	570150L-RSB-RB	Tail Light / Stop Light / Indicator (red outer lens, side B, non-dynamic)
	570150L-RSB-RB-10	Tail Light / Stop Light / Indicator (red outer lens, side B, dynamic from A to B)

### Reversing

	Article Number	Description
	128040L-RFS-A	LED Reversing, side A
	128040L-RFS-B	LED Reversing, side B

### Fog Light

	Article Number	Description
	128040L-NSL-A	LED Fog Light, side A
	128040L-NSL-B	LED Fog Light, side B
